administration

superintendent's message

I appreciate this opportunity to commend each of you who have given freely of your time and effort to make it possible for us to enjoy the many activities which are presented in this yearbook.

Life's challenges will soon be confronting you from a different perspective. The success with which you meet these challenges will be governed largely by your own initiative through your own efforts and by the soundness of your own judgments.

As times change and the world adjusts, go forward with self-confidence knowing that your parents, church and school have prepared you well.

May peace, happiness and success be with you . . .

Curtis Bradshaw
Superintendent
